BLAKEHURST OSHC TERM 1 Week 3

Blakehurst had a jam-packed week celebrating Chinese New Year and Valentine's Day, plus starting our Term 1 programs.

We started the week making The Year of the Ox lanterns and dragon face masks. We also made delicious vegetable and pork dumplings at BSC with Kristi and served them for afternoon tea. The children also came up with their own craft and made twirling ribbon sticks. They enjoyed running around and twirling the sticks on the grass.

On Wednesday we started creating lovely Valentine's Day craft which involved pink and red hanging paper hearts with handmade pom poms. We also made pretty pop up cards with Valerie and the kids were also treated with chocolate coated strawberries.

Also on Wednesday we started up our soccer program. We began with some warm up games and then played one verses one. The children loved versing one another, especially the siblings. We finished off the afternoon with a proper game of soccer.

On Thursday we got back into LEGO Masters. Everyone was so thrilled to see it back in the program. The challenge was to make a roller-coaster. The winning creation was awesome! We have very talented LEGO builders here!
